INSTITUUT VOOR BESTUURDERS
INSTITUT DES ADMINISTRATEURS

*New training created by
board members*

A governance
roadmap to
sustainable
value creation

Learn more

Because
ESG has
a material
impact on
Enterprise
Value.

Though the principles of sustainable value creation are perhaps clear, how to pragmatically implement them in a monthly board meeting is much less clear.

How can we make the trade-off between a green transition and economic welfare?

Hands-on training

Guberna and
40u40 co-created
a training based
on research and
case studies

“

The only hands-on ESG training created by existing board members, for board members, and initiated by the next generation of leaders

The Two-day Program

Integrating ESG into corporate strategy, Board dynamics, Sustainability leadership skills, ESG impact on financial statements, remuneration & board composition

1

Case based approach: is your board ready to master the ESG landscape?

2

Sustainable value creation from a board's perspective

Use cases, inspiration, testimonials, guidelines & practical tools offered by experts from HR consulting, executive search, asset management, universities, impact investing, SMEs, and listed corporations.
