

GUBERNA Project Partnership

Based on our conviction that good governance leads to better organisations and that better organisations contribute to a better world, we set up partnerships with organisations who share our conviction and who want to shape good governance with us.

Within the GUBERNA Project Partnership, we set up a project together with you on a governance subtheme, in the interest of a specific win-win relationship for both parties.

Your most important benefits as a GUBERNA Project Partner

- As a Project Partner, your organisation is at the centre of the defined governance trajectory. Based on the specific requirements of your organisation, we determine together with you the project theme and the objectives, and we develop the project fully tailor-made.
- During the duration of the project, your organisation is the exclusive and privileged partner of GUBERNA in your 'professional area' for the specified governance-related project.
- We discuss the positioning, further development and the valorisation of the project's results at regular times.
- Your organisation enjoys prominent visibility in all communications about the project and the related publications, press conferences and events.

In addition to the project, your organisation enjoys numerous benefits

- You have access to the GUBERNA Premium Governance Assistance, such as a board assessment, a review of your governance documents, an in-company training, a remuneration benchmark or tailor-made support.
- Your representatives can take part free of charge in the Director Effectiveness and Board Effectiveness educational programmes (limited to one Dutch and one French Director Effectiveness a year and one Dutch and one French Board Effectiveness a year). You additionally receive a discount of 30% on additional participations (limited to one Dutch and one French Director Effectiveness a year and one Dutch and one French Board Effectiveness a year).
- Your main representative is a member of the GUBERNA Board of Trustees (advisory body of the GUBERNA Board of Directors) and is invited to the annual meeting.
- Your chair and CEO, respectively, are member of the GUBERNA Chair Platform and CEO Platform and are invited to the relevant meetings (ad hoc).
- Your representatives (members of the board of directors, executive committee or management board) participate free of charge or at a discounted rate in the activities that GUBERNA organises for its members (with the exception of activities that are organised with other organisations, the GUBERNA Director's Day and the GUBERNA International Governance Forum).
- Your organisation receives prominent visibility on the "GUBERNA Good Governance Platform" (guberna.be) and in our Monthly Newsletter.
- Upon joining, your organisation receives visibility in the GUBERNA Monthly Newsletter and on our social media channels.
- After reservation and subject to availability, you can use our meeting rooms at the GUBERNA Home of Governance free of charge (Tour & Taxis, Avenue du Port 86c, boîte 318, Brussels). The conditions of use are available on our website.
- In addition, your representatives enjoy the GUBERNA Individual Membership benefits.

Discover the 10 benefits* that are used the most by our members
